THIS SPECIAL TILO HIGHLIGHT IS NATURAL, AUTHENTIC, REAL - WHERE NATURE MEETS INNOVATION: NATUR!PUR®.

**Developed with passion and care, we put our pride and joy at your feet in the form of native hardwoods and softwoods: the tilo Natur!Pur® colour range.**

Natur!Pur looks just like untreated wood, yet it is invisibly protected, ensuring natural beauty and utility are no longer mutually exclusive. A pure understatement that gives your four walls a magic only to be found in nature.

## **Naturally more.**

tilo Natur!Pur® comes in five different wood types. Discover what this wonderful colour range from tilo is really about on the following pages.

INVISIBLE PROTECTION.  
**tilo Natur!Pur®.**

The special Natur!Pur colour range is what makes these floorings so extraordinary. The elegant appearance of bare wood exudes a pure sense of nature. Innovo NATUR oil finish is applied to the wood as an invisible protective layer, combining a tangible organic feel with durability and low maintenance.

PURISTICO Oak Natur!Pur, scraped soft

AN INIMITABLE FEEL.

## **Scraped soft.**

This is our exclusive surface feel. It looks unbelievably soft and flattering on oak. After being scraped and gently cured, the natural undulations in the surface provide a real treat for the senses. Enjoy its unique soft and comfortable barefoot feel.

PERFECTLY HARMONIOUS,  
DOWN TO THE VERY LAST DETAIL.

## Skirting boards.

Having the right skirting board may seem like a small detail, but it can have a big impact on the overall look of your interior. With a matching skirting board from tilo, your interior style will shine through in every corner of your home.

✓ The right skirting board for your style and floor

✓ Clip system for invisible fastening:

- Time-saving installation
- Perfect adaptation to irregular walls

ENJOY YOUR FLOOR FOR MANY YEARS TO COME.

## Care and cleaning made easy.

All of our cleaning and care products are specially developed to meet the requirements of our tilo floors. They are kind to the surfaces, have a revitalising effect and make your floors look as good as the day they were laid. And the best thing is, you don't need any other cleansing agents. Whether you need to do a quick wipe in between cleans or a more intensive treatment, tilo cleaning and care products are up for every task. When choosing a product to use, there are two things to consider: the level of soiling and the type of floor surface. As you remove dirt during cleaning, the care element restores or improves the condition of the surface.

Quality with vision.

# Made in Austria.

With our premises on the edge of the Kobernaußerwald forest, we are uniquely placed to appreciate the benefits of healthy forests. That is why we place great importance on sustainability, from our raw materials to the finished product. As an FSC® and PEFC™ certified floor manufacturer, we have a particular concern for where our raw materials come from and, in so doing, actively contribute to the preservation of forests together with you as a buyer of tilo floors.

## Seventy years of experience combined with innovative technologies.

This is the basis for the consistently high quality of our products. Down-to-earth, but always with our finger on the pulse, we continuously invest in the development of our production site in Lohnsburg and therefore also in our future. In combination with digital transformation and the establishment of higher standards, we are setting true milestones in terms of quality and as an employer in the region.

## Certified healthy living.

tilo floors carry the TÜV Proficert certificate and the IBR test seal. This means they have been tested for emissions and harmful substances and are compatible with healthy living. Ongoing external audits and tests guarantee consistently high quality.

## A whole new way to **experience our floors.**

We have the opportunity to shape the floors of tomorrow, today - and we have grasped it! This also means that we need to make designing floors as simple and appealing as possible for our customers. For example, with our new, easy-to-use **tilo Floor Layer app**: just a few clicks, and you can see how your favourite tilo floor looks in your own home. Simply download it from the Google Play Store or Apple App Store, select the floor of your dreams and fit it in real time in your own room!

Simply scan the QR code and download the app.

See how I look with your **furniture**.

See how I look in the **light and in the shade**.

Close your eyes and **touch me**.

Take your socks off and enjoy that **barefoot feeling**.

Show me to your **friends**.

**TIP: Want to see how a tilo floor looks in real life in your home?** Then you need the tilo floor box: simply order different floor samples on the tilo website and try them out at home.
