# Find the right grading.

The choice of grading affects how the new floor looks and feels when in place. It can give your floor a restful, vibrant or rustic feel, and so can give your living space its own individual character. The 12 colours for the tilo TREND collections are available in three gradings in the collections PURISTICO TREND, MARCANTO TREND and RUSTICO TREND.

## **Calm grading.**

Do you love the sophistication of simplicity? Wood, selected and pre-selected according to this grading, exhibits a particularly calm, uniform appearance. There are only occasional knots and virtually no cracks or splints. Perfect for those who love and live for purism and minimalism.

## **Lively grading.**

Do you want something expressive and vibrantly beautiful? The lively grading is, as the name indicates, not quite as calm. Here you will find knots and cracks. These floors bring life to your home without taking over the room. Perfect for those who want a lively looking floor.

## **Rustic grading.**

Do you love a wild, natural look? This grading brings rustic charm to your floor. Knots, cracks and interesting colour variations within the planks are prominent features. The floor looks natural and creates a real feel-good atmosphere in the home.

Floors with many

# benefits.

INNOVO NATUR OIL

## Easy to maintain surface.

Naturalness that you can feel with every step – the beautifully matt, oiled surface of the tilo #PARQUET floor combines the tangible organic feel of oiled surfaces with the durability and ease of maintenance of varnish. You can find everything you need to know about the exclusive Innovo NATUR oil surface at [www.tilo.com/innovo](http://www.tilo.com/innovo).

NATURAL, AUTHENTIC, REAL

## tilo Natur!Pur®.

A particular highlight of the TREND collections is the Natur!Pur colour range. The floors look just like untreated wood, yet it is invisibly protected, ensuring natural beauty and utility are no longer mutually exclusive. A pure understatement that gives your four walls a magic only to be found in nature. You can find everything you need to know about Natur!Pur at [www.tilo.com/naturpur](http://www.tilo.com/naturpur).

TILO COLOUR MATCH

## Combine #PARQUET and /DESIGN with ease.

Thanks to the TREND collections, you can use a uniform colour space throughout your whole home and adapt the floor to the different requirements of each living area. The /DESIGN floors from the ELITO TREND collection are ideal for areas subjected to heavy use, such as kitchens or entrance areas. You can find more information about colour match at [www.tilo.com/farbverbund](http://www.tilo.com/farbverbund).

## Skirting boards.

Having the right skirting board may seem like a small detail, but it can have a big impact on the overall look of your interior. With a matching skirting board from tilo, your interior style will shine through in every corner of your home.

✓ The right skirting board for your style and floor

✓ Clip system for invisible fastening:

- Time-saving installation
- Perfect adaptation to irregular walls

ENJOY YOUR FLOOR FOR MANY YEARS TO COME.

## Care and cleaning made easy.

All of our cleaning and care products are specially developed to meet the requirements of our tilo floors. They are kind to the surfaces, have a revitalising effect and make your floors look as good as the day they were laid. And the best thing is, you don't need any other cleansing agents. Whether you need to do a quick wipe in between cleans or a more intensive treatment, tilo cleaning and care products are up for every task. When choosing a product to use, there are two things to consider: the level of soiling and the type of floor surface. As you remove dirt during cleaning, the care element restores or improves the condition of the surface.

Quality with vision.

# Made in Austria.

With our premises on the edge of the Kobernaußerald forest, we are uniquely placed to appreciate the benefits of healthy forests. That is why we place great importance on sustainability, from our raw materials to the finished product. As an FSC® and PEFC™ certified floor manufacturer, we have a particular concern for where our raw materials come from and, in so doing, actively contribute to the preservation of forests together with you as a buyer of tilo floors.

## **Seventy years of experience combined with innovative technologies.**

This is the basis for the consistently high quality of our products. Down-to-earth, but always with our finger on the pulse, we continuously invest in the development of our production site in Lohnsburg and therefore also in our future. In combination with digital transformation and the establishment of higher standards, we are setting true milestones in terms of quality and as an employer in the region.

## **Certified healthy living.**

tilo floors carry the TÜV Proficert certificate and the IBR test seal. This means they have been tested for emissions and harmful substances and are compatible with healthy living. Ongoing external audits and tests guarantee consistently high quality.

# tilo Floor Layer app

## A whole new way to **experience our floors.**

We have the opportunity to shape the floors of tomorrow, today - and we have grasped it! This also means that we need to make designing floors as simple and appealing as possible for our customers. For example, with our new, easy-to-use **tilo Floor Layer app**: just a few clicks, and you can see how your favourite tilo floor looks in your own home. Simply download it from the Google Play Store or Apple App Store, select the floor of your dreams and fit it in real time in your own room!

Simply scan the QR code and download the app.

**TIP: Want to see how a tilo floor looks in real life in your home?** Then you need the tilo floor box: simply order different floor samples on the tilo website and try them out at home.
